

Naoki Weldon

Intern

Naoki Weldon
Highland, CA 92346
(909)-936-4666
Naoki.wldn@gmail.com

remove intern, you should add an objective if you are seeking an internship

I would refrain from using this orange block and color on your resume. I like the idea since it does make it stand out but black & white is more professional.

Play around with formatting your resume so it doesn't look like you have all this blank space.

If you have any non-engineering jobs or extracurriculars that you did in high school, I would recommend adding that in your resume. Make sure you have a good mix of technical and personal experience in your resume.

~~Resume~~

Move your name and contact info up here. You don't need to explicitly say that this is your resume (it should be clear just from looking at it)

no need to have your name on here twice

Education

GO MUSTANGS!

California Polytechnic State University, San Luis Obispo, CA
Bachelors in Civil Engineering

2019 to Present

Relevant Coursework

Survey Engineering

2019

- Captured field data using RTK receivers and generated topographic maps
- Calculated curves and generated roads in Civil 3D

Introduction to AutoCAD

2020

- Designed floor plans
- Annotated drawings with measurements and sidenotes
- Learned how to redline drawings

Material Engineering

2020

- Learned about properties and applications of ceramics, metals, and polymers

Projects

Hong Kong-Macau-Zhuhai Bridge Research Project

2020

- Worked in a team of four to analyze the HKMZ Bridge's integration of engineering sub-disciplines
- Learned about static fluid pressure and its role in the design of a subsurface tunnel in water

Awards

what does CASC stand for? spell out abbreviations

2020

- CASC Engineering Scholarship

Skills

- Proficient with AutoCAD, MS Word, and Excel
- Basic understanding of Revit and Solidworks

~~2020~~

don't need this for your skills
