

# JOSHUA OJEAH

## PROFESSIONAL SUMMARY

Joshua is a creative thinker who believes in limitless possibilities. He possesses enthusiasm, passion, drive, a positive attitude, willingness to learn, adaptive skills and the confidence to work as part of a team or independently. Joshua brings to the table, the initiative to develop effective solutions to problems with an active and dynamic approach to work and getting things done effectively.

## WORK HISTORY

### Civil Engineering Industrial Trainee, June 2018 to November 2018

#### Castle Rock Capital Limited – Abuja

- Delegated activities to labor workers and supervised the progress of the operation;
- Interpreted technical, structural and architectural drawings to the foremen, masons and work laborers.
- Conducted setting out procedures, plumbing of structural components and blocks, and operated several portable machines like the compacting machine, hand drill, vibrating machine and so on.
- Was commended and appraised by my colleagues and supervisor on several occasions for my diligence, punctuality, commitment and contributions made during construction.

### Civil Engineering Industrial Trainee, December 2018 to February 2019

#### ENL Consortium Limited – Abuja

- Carried out floor plan designs and elevations for a semi-detached duplex on AutoCAD.
- Created a wide variety of well rendered building models on Autodesk AutoCAD, and Revit.
- Carried out manual calculations for the design of structures.

### Engineering communities, November 2017 to date

#### American Society of Civil Engineers (ASCE) and Nigeria Society of Engineers (NSE)

- Graduate member of the Nigerian Society of Engineers
- Affiliate member of the American Society of Civil Engineers
- Interacted and had insightful discussions with experienced professionals of the engineering field;

## CONTACT

**Address:** 28, Ojo Street, Shasha Akowonjo, Lagos

**Phone:** +2348100527224

**Email:** joshoeah@gmail.com

## LINKEDIN

<https://www.linkedin.com/in/Joshua-ojeah>

## SKILLS

- Solid command of computer aided design technologies, tools and best practices in designing structures using AutoCAD, Revit and engineering drawings.
- Proficient in the use of Microsoft Office packages (MS Word, Excel and PowerPoint).
- Excellent communication, writing and presentation skills.
- My general experiences have nurtured me into a team player. Amongst others, I have honed the ability to support and comply with final group decisions, even when such decisions may not entirely reflect my own position.
- Analytical and Creative Thinking Skills.
- Good use of hand tools and some portable machinery.
- Basic knowledge in Archicad software.

## SOFTWARE SKILLS

Engineering Design Software: AutoCAD, Revit, AutoCAD MEP, GIS  
Microsoft Office Packages: Word, Excel, and PowerPoint

## EDUCATION

### Bachelor of Engineering, Civil Engineering (B.ENG CVE) 2019

#### University Of Benin – Benin

- Graduated with **Second Class Upper** finishing in the top 5% of a class of 140.
- Final Year Project- spatial analysis for surface water quality assessment of the Ikpoba River in Benin City using GIS.
- Team Coordinator for a group of students assigned to research and determine the operations of the Ikpoba river dam in Benin City, Edo State, Nigeria, under the auspices of the Faculty of Engineering, Hydrology Unit of the Department of Civil Engineering, University of Benin.
- Designed a Primary school building's floor plan, roof plan, four elevations and two sections for a class project in my final year at the University of Benin.
