Photography.

## 🎓 EDUCATION

**Drexel University, Philadelphia**

June 2018

B.S: Civil Engineering and Architectural Engineering

**Ca' Foscari University of Venice, Venice, Italy**

May 2017

Sustainable Water Engineering Course

## 🏢 PROFESSIONAL EXPERIENCE

**Dawood Engineering, King of Prussia PA**

July 2018 - Present

Traffic Designer II

- Utilized Synchro and MicroStation to provide technical aid on interdisciplinary teams in the areas of Roadway design and traffic operations.
- Facilitated development of traffic impact studies (TIS), traffic signal design and traffic control plan preparation in accordance with DOT standards.
- Assisted project manager with highway design plans, specifications, cost estimating, and geotechnical coordination using ARCGIS.
- Reduced city municipality workload by managing and supervising \$60,000 ADA design review contract.

**HNTB Corporation, Philadelphia PA**

March 2017 - September 2017

Highway Engineer

- Coordinated and prepared highway engineering design plans, specifications, reports, estimates, calculations and drawings that were responsive to project needs.
- Developed state route roadway improvement plans and traffic control plans.
- Worked closely with other disciplines on multi-discipline projects.

**Pennoni Associates, Haddon Heights NJ**

March 2016 – September 2016

Civil/Site Design Engineer (Municipal)

- Performed construction inspections, surveying and project oversight.
- Assisted engineering professionals and technical staff in performing all aspects of site design, and preparation of plans and specifications for land development projects.
- Collaborated on projects involving road reconstruction, storm water design, regulatory applications, plan reviews and other works involved in serving municipal and authority clientele.

## 🦋 LEADERSHIP

**Drexel University, Philadelphia PA**

July 2015- July 2017

Senior Student Ambassador

- Created and led training and recruitment seminars for potential student ambassadors, covering best practices and lessons learned.
- Facilitated university tours and engagements for prospective students to increase and boost student enrollment.
- Highlighted University program experiences as a panelist at University open house and admission events.
