

RAFAEL ESTRADA MONCADA, EI, A.M.ASCE

(He/Him/His) | 710 Washington Street, Lincoln, NE 68502 | (402) 990-4605 | rafaelestradamoncada@gmail.com

A fluent Spanish speaking construction engineer with quick and efficient communication and project review.

EXTENSIVE EXPERIENCE

Designing and observing construction of water supply and collection, treatment systems and distribution systems in Nebraska and Iowa | Drafting NPDES applications and managing SWPPP permits for multiple Nebraska and Iowa construction projects | Certified erosion & sediment control inspector in Nebraska and Iowa | Process and enter monthly discharge monitoring data to the EPA Central Data Exchange | Management of construction projects through Appia Construction Administration Software and Bluebeam Revu.

PROFESSIONAL EXPERIENCE

- | | |
|---|-------------------------|
| Construction Engineer at JEO Consulting Group, Inc., Lincoln, NE | November 2020 – Present |
| Project Engineer at JEO Consulting Group, Inc., South Sioux City, NE | May 2016 – October 2020 |
| <ul style="list-style-type: none">2019 Sioux City Water Main & Tank Demolition – Sioux City, IA Contract Price: \$5,702,000
Provide construction administration using Appia and half-time onsite inspection for the water main improvements to an urban and rural area in Sioux City, IA. This project consists of installing 20,000 LF of 16" ductile and PVC pressure pipe to connect the Western Hills pressure zone to the Indian Hills pressure zone. The Western Hills pressure zone experiences low water pressure, and by connecting to the Indian Hills pressure zone, resident's water pressure and fire protection would increase significantly.2017 Wastewater Treatment Facility Improvements – Dakota City, NE Contract Price: \$5,300,000
Provided construction administration for the improvements to Dakota City's existing wastewater treatment facility. The improvements included the construction of a new Sequencing Batch Reactor (SBR) treatment facility complete with a pump station, solids screening, grit removal, SBR basins, UV disinfection, biosolids treatment, and a lab space at a new location approximately one mile south of the city. In addition to the WWTF, one mile of 15" trunk sewer and 8" PVC pressure pipe to service the new wastewater site was also constructed. | |

INVOLVEMENT

- | | |
|---|-------------------------|
| Capitol Voices Club, Member | December 2020 – Present |
| American Society of Civil Engineers | November 2020 – Present |
| <ul style="list-style-type: none">Corresponding Member of Society Advancing an Inclusive Culture, Member of Mentor Match, Member of ASCE Nebraska Section | |
| JEO Diversity and Inclusion Committee, Member | October 2020 – Present |

EDUCATION

- | | |
|---|----------------------|
| University of Nebraska Lincoln at Omaha | Graduation: May 2016 |
| B.S. in Civil Engineering, Concentration Environmental Engineering | GPA: 3.5 |
| <ul style="list-style-type: none">Honors & Activities: Chi Epsilon, Omicron Delta Kapa, Latinos in STEM, Engineering Student Advisory Board, Dean's Leaders, Papillion Area Lions Club, Habitat for Humanity of Omaha.Internships: Undergraduate Research at Montana State University, Partners in Pollution Prevention at University of Nebraska Lincoln, Environmental Engineering Intern at JEO Consulting Group at Omaha.Student Worker: Peer Mentor at UNO's Academic Career Development Center. | |
