## Short Introduction:

Hello, my name is Brayan Armijo, I am 18 years old, born December 10, 2004, originally from Mexico but grew up in South Texas; with the opportunity of God. I am currently enrolled at the University of Texas Rio Grande Valley (UTRGV) and majoring in Civil Engineering. I am really looking forward to new experiences to develop and grow, I have the willingness and the potential to learn new things from others. As an old Mexican proverb says, "Di rana y yo salto" which translated as "Say frog and I jump", so I am ready to learn, grow, experience, serve, be challenged, and develop my skills in any way that the opportunity and God approach it to me.

## EXPERIENCE

### Volunteer, Local Food Bank, La Joya Tx

JANUARY 2018 - PRESENT

Volunteered to distribute food to local people every weekend.

### Tutor, at UTRGV during PLTL sessions about Algebra Colleague

AUGUST 2022 - DECEMBER 2022

Tutored my team members during the College Algebra PLTL sessions, all because they needed help to better understand the assignments and how to solve them.

### ASCE member and Volunteer, UTRGV, Edinburg Texas

AUGUST 2022 - present

I am able to be part of the ASCE club – which is fun – and participate with other members in creating new ideas for different goals that together we are trying to achieve. I was a volunteer in designing the current ASCE logo shirt that they currently have.

Resume of who I  
am, what I desire  
and what I can do.

I would like to highlight that I have the skills of pushing myself to continue striving for my goals, given tasks (assignments, work, challenges), since hardships can come, but overcoming them is what I do and learn to do. Also, I have learned to encourage myself and encourage other people to not give up easily on the given task, work, assignments, or obstacles that we can face since an engineer's mindset is to come up with different solutions to solve problems. I am really willing to try new things to serve others, grow more in experience, knowledge, and understanding since we as people

## EDUCATION

**The University Of Texas Rio Grande Valley (UTRGV)**,  
Edinburg Texas — *Bachelor Of Science Civil Engineering (also  
Striving for advanced education)*  
Expected graduation in May 2026

- ❖ **Recent Achievement** was listed in the Dean's List last semester Fall 2022 for good standing in grades. ( being a full-time student I am developing time management skills while maintaining good grades)
- ❖ **Awarded participation** credit for participating in designing the club's logo on the shirt.
- ❖ **Relevant Coursework:** fixing & organizing 48x48 wood pallets by hand and by forklift for over 2 years.
- ❖ **3.79 GPA**
- ❖ **Extracurricular Activities:** Volunteer as a food-bank helper in Havana, Texas every Saturday from 9:30 am to 2pm
- ❖ **Extracurricular Activities:** I sing, Play piano, and other instruments for fun in church, on the UTRGV campus, and in my house.
- ❖ **ASCE club member** and participant in different team activities, (previously considered to be captain of the Concrete Frisbee team.)
- ❖ **Research Project:** Currently working on a team research project on the Bosco Vertical building which is located in, Milan, Italy

## LANGUAGES

- ❖ **English** -Very good at it (Can understand it, speak it fluently, write it, Read it, Sing it, and Translate it)
- ❖ **Spanish** -Very good at it (Can understand it, speak it fluently, write it, read it, sing it, and translate it)

never stop learning.  
I learn every day  
and grow every day,  
and that is what I  
want to do, and  
trying a new  
opportunity that  
this internship  
offers me is a big  
one for me to  
develop more skills  
and experience.  
Someone who  
really strengthens  
me is God, "I can do  
everything through  
Christ who  
strengthens me". I  
remember these  
verses whenever I  
need to push  
myself over the  
limits(always), to  
not only go beyond  
my physical  
abilities but also  
my mental and  
spiritual self.  
I like to work  
physically with my  
hands and work in  
different places  
since trying and  
learning new  
things are of my  
hobbies that I also  
enjoy.  
Thanks for reading  
till the end.  
-best regards  
Brayan Armijo
