

# CHASE ERNSTE

[chaseernste@gmail.com](mailto:chaseernste@gmail.com)

507-491-4556

Duluth, MN

General feedback:

- include dates on everything (month/year)
- be consistent with formatting, alignment, text sizes, bullets, etc
- add underlining or lines to break up your sections

## KEY QUALIFICATIONS

rename as "Objective"

Chase is an upper-division Civil Engineering Student with experience in surveying, construction staking, design application, and data collection. Chase has developed an understanding of Concrete & Steel Design, Infrastructure Materials, and CAD Software. Chase is seeking an internship ~~or EIT position~~ to engage problem-solving skills in a collaborative setting.

## EDUCATION

University of Minnesota – Duluth

**Bachelor of Science Degree in Civil Engineering**, May 2021

you need to be more specific with what kind of internship you're interested in. This doesn't tell me much. What discipline of civil engineering (water resources, transportation, structural, geotechnical, construction, land development)?

## RELEVANT EXPERIENCE

rename as "Work Experience"

**Engineering Internship**, City of Faribault Engineering Department, (Summers of 2018, 2019, & 2020)

- Collaborated with contractors and clients about the projects timeline and necessary steps moving forward
- Resolved issues with elevation differences in roadway
- Aided the Civil Engineer in setting up roadway data collection
- Compiled roadway removal and replacement quantities
- Located construction structures on site
- Supervised paving construction crews, interfered when necessary
- Coached trainees into intern position

if you can break this down by project or add in a couple project names that would be helpful

## ~~ADDITIONAL EXPERIENCE~~

what was your role in this? Are you a founder?

**Startup Company**, Duluth Sled Fest Plan

- Brainstormed ideas to start a unique company home to Duluth, MN
- Reevaluated company based off target audience's wants
- Discussed the timeline, location, revenue streams, etc. for company
- Developed unique features to set the company apart from the competition
- Presented ideas in front of multiple audiences (Mechanical Engineering Firm President, Lake Superior College - Superior President, Entrepreneurs)

this can go under work experience

**Member**, UMD Honor Society, Duluth, MN 3/2018-Current

- Completed 45+ hours of volunteer work per year at an organization
- Engaged in a variety of advanced courses ranging from philosophy to entrepreneurship
- Attended events encouraging new perspective

you should add a new section called "Extracurriculars" or "Professional Affiliations" and this should go under there

## TECHNICAL KNOWLEDGE

Software: CAD Solid Works, AutoCAD, Microsoft Office, GIS, Visual Basic, MatLab

## Certification

E.I.T. certification upon completion of degree

if you don't have your EIT yet, you should remove this from your resume
